Kendra Havens

Program Manager

Hello! I'm a program manager at Microsoft on the .NET and Visual Studio team. My focus is .NET productivity and the testing experience in Visual Studio. In addition to an unruly enthusiasm for technology, I love reading and camping.

@gotheap

**Lots of these features are
community contributions!**

<http://aka.ms/roslyn>

**A HUGE thank you to our
contributors out there!**

Agenda

Source Generators

Tooling tips

- Remove unused references

- Inline hints

- Inheritance margin

Codefixes and Refactorings

Editorconfig and code formatting

Testing tips

Thanks and ... See you soon!

Thanks also to the sponsors. Without whom this would not have been posible.
